

2013 Point-In-Time

Annual Assessment of Homelessness Boulder County Colorado

MDHI and stakeholders in the seven county metro Denver area conducted a Point-In-Time survey during the week of January 28, 2013. This overview provides responses from interviewees (respondents) and also captures information about anyone in the household (all homeless).

NOTE: The one consistent finding in all the research on homelessness is that surveys undercount homeless populations. People may enter and leave homelessness throughout the year – the Point-In-Time Survey is an approximate one day snap shot of homelessness in metro Denver.
